The PENNSYLVANIA GAZETTE.

Containing the Freſheſt Advices, Foreign and Domeſtick.

ROME, May 5.

THE Chevalier de St. George, has lately received a very conſiderable Remittance.

Vienna, May 13. This Week the Bavarian Artillery carried off by the Auſtrians in the late War, was put on board ſome Veſſels on the Danube, to be ſent to Munich.

Madrid, May 9. The King has given Orders for a new Augmentation to his Troops, altho' they are at preſent on the ſame Footing as at the Concluſion of the Peace; and beſides the Camp of 30000 Men, which is to be formed in Catalonia, another of 20000 is talked of, which the Marqueſs de las Minas has Orders to aſſemble in the Neighbourhood of Barcelona,

Rome, May 12. By the late Agreement with the Catholick King, the Holy See ſtill reſerves the Nomination to fifty two Benefices in that Kingdom, one of which the Pope has juſt conferred on the Auditor of the Rota for Spain.

His Holineſs has granted a Brief, authoriſing a Poliſh Lady to found a Nunnery at Leopold of 12 Canoneſſes, whoſe Buſineſs is to attend the Poor of the Hoſpital. Such young Women as may deſire Admiſſion for the future, muſt bring with them 1000 Crowns.

Paris, May 14. There is a Declaration ready to appear, which will explain the Motives that obliged the King to have Recourſe to violent Means in the Diſpute between the Clergy and Parliament.

Paris, May 17. We hear that the Parliament of Rouen, having received expreſs Prohibitions from the King, not to take Cognizance of any Denials of the Sacrament, reſolved to follow the Example of that of Paris, and ſuſpend their ordinary Functions.

Franckfort, May 18. It is reported that a certain Court has demanded from that of Copenhagen, a Licence for the Ships of their Subjects to paſs the Sound without paying Duty, which has been peremptorily refuſed.

We have received Advice of the Death of the Princeſs Dowager of Waldeck, Counteſs Palatine of the Rhine, Dutcheſs of Bavaria, &c. in the 74th Year of her Age. The Nights have been ſo exceſſive cold, that the Fruit-trees, and particularly the Vines, have ſuffered greatly by it.

Beſancon, in France, May 19. Laſt Sunday a Fire broke out in the Village of Rochejean, in the Bailiwick of Pontarlier, which in leſs than three Hours conſumed ſeventy Houſes. Several Women and Children, and a conſiderable Number of Cattle, were burnt to Death on this Occaſion.

Paris, May 21. The Prince and Princeſs of Conde, are gone to Chantilly. It is ſaid, that (excluſive of Jewels and ready Money) the Princeſs brings him a Fortune of upwards of 200,000 Livres which is near Ten Thouſand Pounds Sterling) a Year.

Liſbon, May 2. The Fleet for Maranham ſails the 15th Inſtant, under the Convoy of the St. Joſeph, and the two Men of War, which were lately launched in Preſence of their Majeſties. The Trade of that Part of America, on the Side of Maranham and Para, becomes daily more important by the Diſcoveries lately made. The King has given Orders that the Mines of the Gozares, Cuyaba, and Mattagroſſo, ſhall for the future belong to the Department of Maranham; and conſequently Para becoming the Key to thoſe Mines, as the Port of Janeiro was formerly, and is ſtill of the Rivers, it has been thought proper to provide for the Security of that Harbour and Town, eſpecially as the French are not only Maſters of the neighbouring Iſland of Cayenne, but have alſo a Settlement on the Continent. Accordingly two Regiments, of 600 Men each, are now raiſing to be ſent thither, with a Brigadier and Colonel, who are to be under the Orders of the Captain General of Maranham. From the Spaniards we have nothing to fear, becauſe we have the ſame Superiority over them on that Side, that they have over us at Plata. On board this Fleet will likewiſe imbark for America, ſome Officers to be employed in tracing the Line of Separation between our Dominions and thoſe of Spain towards the River of the Amazons; a Work which is ſcarce begun, but has already coſt our Court near two Millions of Cruſadoes.

Genoa, May 9. The Maſter of the Packet Boat from Barcelona informs us, that the Day before he came away a Veſſel ſailed from that Port with Wine, Brandy, and Salt Proviſions, for the Garriſon of Oran and Ceuta; but next Morning, at Day-break, the Appearance of a ſmall Barbary Chebeck ſo affrightened the Paſſengers and Crew, amounting to thirty-nine, that they jumped into their Boat, and rowed back to the Harbour with all their Might, leaving their Veſſel and Cargo, worth 22000 Piaſtres, an eaſy Prey to the Turks.

The laſt Letters from our Commiſſary-General in Corſica, contain a frightful Repreſentation of the Diſorders in that Iſland. In the Parts beyond the Mountains fifty Chiefs have uſurped a deſpotick Power, and are guilty of all Manner of Exactions and Violences againſt ſuch Pieves as diſcover a Diſpoſition to ſubmit to the Republick. They are puffed up with the Notion of their Independance, and confide in the Situation of their Country, full of impracticable Defiles; for as to the fortified Places, they are all in the Poſſeſſion of the Genoeſe.

Genoa, May 12. We hear from Barcelona, that an Engliſh Merchant Ship, called the Elizabeth, which was taking in her Lading there, by ſome Accident took Fire and blew up, by which ſeveral Perſons loſt their Lives.

Rome, May 12. The Congregation of the Rites is actually diſcuſſing the Proceſs for the Beatification of the learned Cardinal Bellarmin of the Society of Jeſus, whoſe Zeal for the Catholick Church in his Diſputes with Hereticks tranſported him even to Rudeneſs, and it is not doubted but that the Decree for the ſame will be ſpeedily publiſhed. For theſe ſeveral Days paſt the Holy Sacrament has been expoſed in the Church of the Jeſuits, where the good Fathers have prayed very frequently for a happy Iſſue of this Important Affair, being thoroughly ſenſible that many of Bellarmin's Sentiments and Propoſitions ſtand in great Need of his being canonized in order to obtain Credit and Reſpect.

Vienna, May 16. We have received from Moravia the diſagreeable News of ſeveral Fires. In Eaſter Week 150 Houſes were reduced to Aſhes at a Place called Straſnitz; 117 others have been conſumed at Kogetin; Wiſcen has ſhar'd the ſame Fate: The Caſtle, the Magazine, and ſome Thouſand Hogſheads of Malt, and the Stables, and about fifty Burghers Houſes, were the Victims of the Flames, whoſe Violence was ſo great, all the Aſſiſtance that could be had was inſufficient to ſtop their Progreſs.

Paris-A-La-Main, May 21. The Grand-Chamber of the Parliament, ſince they held their Sittings at Pontoiſe, have come to a Reſolution to abide by their Arrets of the 5th and 7th Inſtant; and that the Attorney General ſhould be ſent to the King, to repreſent to his Majeſty the fatal Conſequences that will reſult to the Welfare of his Subjects from the preſent Separation of his Parliament.

Laſt Week was publiſhed a very curious Piece, intituled, *Precious Monuments of the Wiſdom of our Kings*: Being a Collection of all the Meſſages and Ordonnances ſent by our Kings to their Parliaments, or ſovereign Courts of Juſtice, expreſsly forbidding them ever to regiſter or give the Force of a Law to any Edict, Declaration, &c. from the Throne, that might be in any wiſe contrary to the Laws and Welfare of the State. In theſe Ordonnances, the Kings expreſs themſelves in the cleareſt Terms, that it is their Will and Intention that their Parliament regard thoſe Edicts, Declarations, &c. as null, and of no Validity; and give no Credit to them, even if they ſhould be veſted with their Royal Signature, and the moſt authentic Formalities: Such Edicts, Declarations, &c. (as the Kings explain themſelves even in thoſe Edicts) not proceeding from their free Will and Motion, which can never intend to enact Laws repugnant to the Fundamental Laws and Welfare of the State. This Collection goes up as high as Clotaire, of the Merovingian Race, who reigned in the Beginning of the 6th Century.

Paris, May 25. The Magnificence of the Prince and Princeſs of Conde's Wedding is ſtill the Subject of Converſation. The Jewels which the Princeſs wore were valued at One Million Eight Hundred Thouſand Livres, beſides thoſe on her Head. In one of her Bracelets was the Prince of Condes's Picture ſet with Diamonds; and the other was adorned with a yellow Diamond, almoſt as large as the Picture, and the moſt valuable of its Kind in France. It belongs to the Family of Conde, having been purchaſed by the late Duke for One Hundred Thouſand Crowns.

May 26. The Parliament of Rouen have ordered a Pariſh Prieſt to be apprehended, for having publickly declared, that the only Way to be rid of Janſeniſts, is to keep a new St. Bartholomew.

In the preſent Situation of domeſtick Affairs, the ſeveral Parties ſo eaſily adopt and ſpread ſuch ſtrange Reports, according as they are influenced by Intereſt or Paſſion, that ſenſible Perſons are apt to believe neither of them: So that we think it but prudent to paſs over in Silence moſt of the Stories that have been current theſe ſeveral Days. We are not yet well informed of what paſſed in the extraordinary Council held at Marli the 22d Inſtant. Some Talk of a Regulation, which limits the Caſes wherein Confeſſion Certificates may be demanded; others think ſome Affairs of greater Importance were on the Tapis, and imagine that we are at the Eve of a great Change in the Miniſtry; in ſhort, every one talks according to his Wiſhes or Prejudices, and perhaps none of them are able to gueſs what a Day may bring forth.

It is publickly given out, That Cardinal Tencin will ſhortly return to Court. Cardinal de la Rouchefoucault is already arrived there; and the King has received him with ſuch Marks of Eſteem and Affection, that we preſume his Majeſty intends to employ him in ſome important Truſt.

Since the Parliament's being ſent into Exile, Abundance of Copies of their Remonſtrance to the King have been diſperſed. As they have been printed without Licence, and that the Court may probably ſoon iſſue Orders to prevent their ſpreading further, the Publick's Eagerneſs to have them is ſo great, that many Copies have been ſold for thirty Livres.

When the Baniſhment of the Parliament was moved in Council, Marſhall de Noailles ſtrongly oppoſed it. He told the King, among other Things, "That he had always been firmly attached to the King, his Great Grand Father; and he hoped his Majeſty would do him the Juſtice to believe, that as he was on the Point of going to give an Account of his Actions at the Tribunal of Heaven, he would not diſſemble his Sentiments, nor ſpeak againſt his Conſcience; that it was his Opinion, the Parliament ought not to be baniſh'd, &c."

This diſtinguiſh'd Nobleman was not ſingular in his Opinion. Many of the firſt Rank appear'd to be of the ſame Mind. So that thoſe who puſh'd Matters to a dangerous Extremity, will perhaps fall Victims to their Rigour, and repent their Conduct, when it is too late.

Paris, May 27. All the exiled Preſidents, Counſellors, &c. are recalled from their Diſperſion to Pontoiſe. The Chief Preſident has received Orders to repair to Verſailles. The King goes on Whit-Monday to hold his Bed of Juſtice at Pontoiſe. Certificates of Confeſſion are forbidden to be required, except in the two following Caſes: 1. If the Perſon be ſuſpected of being a Proteſtant. 2. If it be a Perſon living in furniſhed Lodgings, and ſo much a Stranger in the Pariſh, as that his Religion is not known. The Archbiſhop of Paris, ſeeing the King recede from his Firmneſs, has reſigned his Archbiſhoprick, in which the Cardinal de la Rochefoucault is nominated to ſucceed him. M. de Argenſon is created a Duke, a fine Compenſation for removing him from the Miniſtry. The King lately found under his Cover at Table, a very home Pater Noſter, beginning thus, "Our Father, who art at Verſailles, &c." and in the Cloſe, "Be not led away by the Temptations of Pompadour, but deliver us from that Devil d'Argenſon. Amen."

Paris A-la-main, May 28. According to Letters from Genoa, of the 18th Inſtant, it was reported there, that Baron Theodore, who ſome Years ago was proclaimed King of Corſica, and was lately confined in England for Debt, has been diſcharged by two rich Merchants, who imagine the Corſicans as ready to receive him for their Sovereign as ever. But, ſuppoſing his Enlargement to be true, his Succeſs in ſuch an Enterprize is much to be queſtioned. Things are no longer in the Situation in which they were when that Adventurer firſt landed in the Iſland. The Malecontents are deſirous of eſtabliſhing a Government among themſelves; and their Chiefs will not admit a Foreigner to ſhare in the Authority which they have acquired.

Paris A-la-main, June 1. A profound Silence is ſtill obſerved with Regard to the preſent Affairs. Frequent Councils are held at Court, but nothing tranſpires. The Publick, however, form Conjectures concerning what is tranſacted, which after ſome Time grow into Credit. Some poſitively aſſure us, that the King is examining into the Source of the Diviſions between the Clergy and the Parliament; that after receiving all the Explanation he deſires, his Majeſty will ſee that he has been deceived; that he will recal his Parliament, and come to it to hold a Bed of Juſtice; that the Conduct of that Body will then be approved, and other great Events take Place.

LONDON, *May 26.*

Extract of a Letter from Briſtol, *dated* May 22.

"Yeſterday at Noon, this City was alarmed with a Mob of many Hundred Colliers, and other Country People, headed by a Captain and Colours: They proceeded to the Council-houſe, and preſented a Petition to the Mayor and Corporation, repreſenting the Straits themſelves and Families were in by the Dearneſs of Bread, &c. and praying for Redreſs of their Grievances. They were mildly received, and promiſed Relief as ſoon as poſſible, to the Satisfaction of the major Part of them: But many of them being diſſatisfied, the Proclamation of Peace was read, and they immediately went to the Key, and forcibly boarded a Veſſel, on board of which they found a conſiderable Quantity of Corn for Exportation, and began plundering her: They had not proceeded long in their Enterprize, e'er a Poſſe of Conſtables and other Officers, appeared to the Relief of the Veſſel. The Rioters probably not expecting Reſiſtance, ſeeing there were no Soldiers in Town, were unarmed, and the Staves beginning to move pretty briſkly, were glad to ſhift their Quarters, ſome jumping overboard into the Mud, divers truſting to a light Pair of Heels, and others making what Reſiſtance they were able, afforded pleaſant Diverſion to the Spectators.

The Conſtables having delivered the Veſſel, came off victorious with divers Priſoners, but thoſe who had eſcaped, having informed another Gang of this Occurrence, immediately advanced to their Aſſiſtance, and reſcued them from the Conſtables. Being inrag'd with the Oppoſition they had receiv'd, immediately return'd to the Council-houſe, and with Stones and Brickbats broke moſt of the Windows, ſeveral Perſons that were therein being hurt or wounded; declaring at the ſame Time, they would go arm themſelves, and repeat the Viſit. At length the Conſtables renewed their Attack, and the Mob being unarmed, directly took to their Heels; divers of them being taken, were brought before the Magiſtrates, who, after gentle Reproofs, and wholeſome Advice, diſcharged them all, on Promiſe of their good Behaviour for the future.-------Many of the Mob had their Heads broke, and their Captain his Arm; but it has happily ended hitherto without further Damage."

May 29. We learn from Briſtol, that almoſt an entire Stop was put to the Trade of that City for the whole Week, occaſioned by the Riſing of the aforemention'd Colliers; of whoſe farther Proceedings the following is the beſt Account that could be given during ſuch Confuſion, viz.

Immediately after their Diſperſion on Monday, neceſſary Precautions were taken by the Magiſtrates leſt they ſhould fulfil their Promiſes of returning arm'd; and a great many Citizens voluntarily enter'd themſelves to ſtand by the City, and took the Oaths of Fidelity. Theſe remain'd under Arms all that Night, and continued ſo till Thurſday, in which Time nothing material happen'd. Thurſday Morning, there was a freſh Alarm of their Approach to the City. About Noon a great Mob, conſiſting of Colliers, Country People, Weavers, &c. aſſembled at Lawford's Gate; the Conſtables and the reſt of the City Guards advancing to them, the Mob began to pelt them with Stones; and committing other Outrages, a Skirmiſh happened, in which ſeveral of the former were wounded, and taken Priſoners; but were afterwards admitted to Bail. At Nine the ſame Evening the Gates were ſhut; at ten, the Guards patroll'd the City; and finding all Things quiet, finiſh'd the Proceedings of this Day.

Friday Morning a Troop of the Regiment of Scots Greys arrived. Soon after which a freſh Alarm being given of the Rioters coming, the Drums beat to Arms. The City Guard put themſelves under Arms ready to receive them; the City Gates were ſhut, and the Draw-Bridge pulled up, to prevent their Entrance. However the Rioters got round to Bridewell Gate, determined to releaſe a Priſoner taken on Monday; but by the Time they had broke it open, the Guard came up, and firing a few Pieces among them, put them into ſuch Confuſion, that they ran divers Ways, in order to make their Eſcape, which occaſioned ſeveral Skirmiſhes in different Parts of the City, wherein four were killed on the Spot, and about thirty taken, ſome of which were dangerouſly wounded. Theſe were immediately carried to the Guild-Hall, and their Wounds being dreſſed, after Examination, thirty of them were committed to Newgate. Several of the City Guards were dangerouſly wounded, and divers were ſtill miſſing when the Letters came away, who were carried off by the Rioters into Kingſwood; which gives their Friends great Concern, as they know not what may befal them.

Briſtol, June 2. Since our laſt this City has enjoyed Peace and Quietneſs. Tueſday a Petition being ſent to the Mayor in Behalf of the wounded Colliers, &c. praying for ſome Surgeons to be ſent to dreſs their Wounds, the Mayor was pleaſed to grant them their Requeſt; and many well-diſpos'd Citizens, inſtead of reſenting the Loſſes they have ſuſtained on their Account by a whole Week's Obſtruction to Trade, commiſerating their Folly and needy Condition, have made a Collection, and ſent them a great deal of Proviſion for themſelves and Families. There are upwards of fifty wounded, and ſome of them likely to loſe their Limbs. They have only one young Man a Priſoner, whom they yet detain; but it is hoped the charitable Benevolence of the City will induce them to give him up unhurt. Wedneſday Night, about Eleven o' Clock, a Detachment of the Scots Greys, conſiſting of about 100 Men, arrived here from Glouceſter, which Place they left that Morning. The Expedition of their March was occaſioned by a Report that their Brethren were all cut off in the Engagement with the Rioters Yeſterday Se'nnight.

The Attention of many Peoples Minds has been engaged to account for a very uncommon Appearance on the Back, and other Parts of the City, on Thurſday laſt about Noon; the Duſt of the Street took Fire, and burnt entirely to Aſhes, ſo that a Peck thereof might be gathered up on one Spot on the Back: The Fire was ſo glowing, that a Woman lighted her Pipe at it.

Charleſtown, South-Carolina, Auguſt 6.

There is a Report current of an Action lately happening in the Catawba's, between them and ſome of thoſe Northern Indians that not long ago entered into a ſolemn Peace with them, by the Interpoſition of, and at a conſiderable Expence to, this Government; and that ſeveral were killed on both Sides: But, as we have had no certain Accounts of it, it ſhall not here be affirmed as a Truth.

Auguſt 15. A few Days ago ſome Catawba Indians arrived in Town, with ſome Scalps,------how they came by which, &c. we hope to be able to give ſome Account in our next.

On Monday arrived here Capt. Schermerhorn (for whoſe Safety ſome People were in Pain) in 47 Days from New-York: He had no other than W. and S. W. Winds during his Paſſage, till the Day before his Arrival.

And Yeſterday arrived Capt. Harramond from Boſton, in five Weeks, and Capt. Hough, in four; Capt. Mitchell, in fourteen Days from New-York; and a Philadelphia Sloop from Providence.

BOSTON, Auguſt 27.

Laſt Saturday was 7-night, a Shopkeeper in this Town was trick'd out of ſome valuable Goods, by two Sharpers, in the following Manner:---In the Evening one of them went into the Shop and enquired for ſome Broad-cloth, Cambrick, Linnen, &c. telling the Shopkeeper he was a Stranger to the Town, and was recommended to that Shop, and that what he bought he ſhould pay the Caſh for; ſuch ready Money Cuſtomers being pretty ſcarce, he was waited on with the utmoſt Dexterity, and in a very little Time laid out Goods to the Amount of £ 150 Old Tenor, which he put into a Bag he had for that Purpoſe; immediately after the other came for ſome Knives, but being informed they had none, took the Bag that had the Goods in it, and went away without being ſuſpected; after which the other had a few Yards of Bearſkin cut off, which he put into the Bag that was left in the Shop; and then told the Shopkeeper he would ſtep to his Lodgings and bring the Money, while the Bill of Parcels was making out: The Shopkeeper waiting ſome conſiderable Time for the Cuſtomer, imagined a Trick was deſign'd; but as ſhe thought the Bag of Goods were left, ſhe thought ſhe could not be ſo great a Loſer as ſhe found afterwards when 'twas opened, and only the Bearſkin, ſome old Sail-cloth, and a Pair of Trowſers, were in it.

Monday laſt his Majeſty's Ship Port Mahon, Capt. Montague, ſailed from this Port for her Station at Newfoundland.

We hear from Ipſwich, in the County of Eſſex, that one Day laſt Week, two Apprentice Boys of that Town, were committed to Goal for making and uttering counterfeit Pieces of Eight.

We are credibly informed, that of late there have been ſeveral hundred Sheep killed by Wolves, Cat-a-mounts, or other ravenous Creatures, in the Fields or Commons belonging to Lyn, Salem, &c. that Numbers of armed Men have been out in the Woods in queſt of them, who have killed two or three young Wolves; and we hear, that a whole Regiment of Men propoſe to go out this Day to range the Woods and other Places where 'tis likely thoſe voracious Creatures may hide themſelves.

To preſerve your Sheep from the Wolves, mix ſome Tar and Gun-powder together, then dawb the Rump and Neck of your Sheep with it, and the Wolves will never touch them. This Method has been practiſed for many Years by a Gentleman in one of our Frontier Towns, who, never ſince he began the Practice, has had one Sheep killed by the Wolves.

Thurſday laſt John Kemp of Billerica, convicted of forging, counterfeiting, and uttering two Pieces of Spaniſh milled Pieces of Eight, ſtood in the Pillory at Cambridge for the Space of one Hour, after which he had one of his Ears cut off, and was whipped 20 Stripes at the publick Whipping-Poſt.

On Wedneſday laſt a Sloop from Barbados, bound to Connecticut, touch'd hither in his Paſſage; but proceeded on his Voyage the next Morning: The Captain whereof informed us, That a Snow belonging to Liverpool, was arrived at that Iſland, from Africa.

Yeſterday arrived here, Capt. Smith, in a Snow, in ten Days from Boſton.

We hear from Woodbridge, that on Wedneſday laſt, a Child there, about two Years old, attempting to climb up a Ladder, which lean'd againſt a Hay-Stack, he unhappily fell from thence upon a Scythe that lay at the Foot of it, and cut himſelf in ſo terrible a Manner a croſs the Thigh, that he died in a few Minutes after.

Young Tifter was bred by the hon. Charles O Neal, Esq; of Stains-castle, and begot by the famous Tifter, brought from England by the right hon. Arthur Hill, Esq; who was begot by Tifter of Warwick, the best twelve stone horse in England; Tifter of Warwick was begot by the famous Toulous barb, and bred out of Cream-cheeks, full sister to Leeds, and grand dam to old Childers; the present Tifter's dam was the famous Primrose, daughter to Dimple, and her dam daughter to Wasp. We hope a design of this kind will meet with encouragement, as the only motive that induced the society to enter on such a scheme, was their being thoroughly sensible of the disadvantages they labour under, and the great necessity there is of a house in Germantown, for their minister to instruct those children in reading and writing, whose parents are unable to give them such education; and as the society amongst themselves are unable to accomplish such an undertaking, were importuned to have recourse to a lottery, in order to enable them to carry on the same, as it will tend to the publick good.

The PENNSYLVANIA GAZETTE.

Containing the Freſheſt Advices, Foreign and Domeſtick.

To the Publiſhers of the PENNSYLVANIA GAZETTE.

Barbados, July 4, 1753.

MR. GRENVILLE, Governor of *Barbados*, embark'd for *London* the 14th of *May* laſt, to the great Regret of the Inhabitants, having an univerſal good Character as to his Adminiſtration, which I think the incloſed Addreſſes evidence the high Reſpect the Council, and Repreſentative Body of this Iſland, have for him.

The Iſland is not only out of Debt, but has near Twelve Thouſand Pounds in the Treaſury; the Magazine about eight Hundred Barrels of Powder in it; and the ſeveral Forts in better Order than ever been known ſince its firſt Settlement. I preſume you'll think the Addreſſes worthy of your Preſs. *I am*, &c.

The following MESSAGE *was ſent by his Excellency the Honourable* HENRY GRENVILLE, *Eſq; to the General Aſſembly of this Iſland, Feb.* 20, 1753.

THIS Excellency acquaints Mr. Speaker, and the Gentlemen of the Aſſembly, that he hath now ordered to be laid before the Houſe Copies of the ſeveral Letters that have paſſed (ſince his Excellency's Meſſage to the Houſe of the 18th of *February* 1750-51) betwixt him and Monſieur *Bompar*, the *French* Governor, at *Martinique*, concerning the actual Evacuation of the four *Neutral* Iſlands of St. *Lucia*, St. *Vincents*, *Dominico*, and *Tobago*, in Purſuance of the Agreement entered into by his Majeſty and the *French* King, and the reſpective Proclamations publiſhed in Conſequence thereof, in each of the ſaid Iſlands, together with Copies of all the Letters and Reports as have been written to, and received from, Capt. *Holburne*, the late Commander of his Majeſty's Ships of War, on this Station, by his Excellency, relating to this Subject; to the End that the Houſe may be perfectly apprized of the Situation in which this Buſineſs of the general Evacuation of the ſaid Iſlands now, at preſent, remain.

It has been an inexpreſſible Concern to his Excellency, that his moſt earneſt and continued Endeavours for obtaining the compleat Evacuation of thoſe Iſlands, have been hitherto rendered ineffectual by the various Pretences, and obſtinate Behaviour, of the *French* Inhabitants there: But as his Excellency has conſtantly tranſmitted to his Majeſty very full and particular Accounts of all his Proceedings therein, he cannot entertain the leaſt Doubt but the Houſe will, with all dutiful Confidence, rely upon his Majeſty's taking, in due Time, the wiſeſt Meaſures for conducting this great Affair to a happy Concluſion.

His Excellency takes this Opportunity further to acquaint the Houſe, that his Majeſty having graciouſly pleaſed, upon his Excellency's humble Application to him for that Purpoſe, to grant him his Royal Permiſſion to be abſent for the Space of twelve Months, from his Government of this Iſland, for the Recovery of his Health; he now finds himſelf obliged to avail himſelf of that Permiſſion, and to embark very ſoon for *England*.

With how great Reluctancy ſoever his Excellency leaves a People, from whoſe Conduct towards him, he has ſo much Reaſon to be ſatisfied, it is, nevertheleſs, with Pleaſure, that he contemplates the Reſpect there is, that the preſerving the Tranquility which now proſails thro' the Iſland (the natural Reſult of the Publick, and candid Views of the two Branches of the Legiſlature) and the carrying into Execution his Majeſty's Commands, ſo lately communicated to the Houſe by his Excellency, will continue to be the chief Objects of their Cares and Attention during his Abſence.

His Excellency declines to expreſs the ſincere Grief he ſhould feel in his Heart (even at ſo great a Diſtance) if the contrary ſhould happen, being unwilling to harbour the leaſt Doubt or Apprehenſion that it ever will happen:----Such is his Opinion of the Conduct of the General Aſſembly, in adhering to thoſe right Principles, by which they have been hitherto actuated in all their Meaſures for eſtabliſhing the true Happineſs of their Country.

His Excellency concludes with his Aſſurances, that he ſhall always retain the ſincereſt Sentiments of Regard and Affection for the Houſe, and that he ſhall always eſteem every Opportunity of offering any real and effectual Service to the Iſland, as the greateſt Piece of good Fortune that can ever attend him. Given at *Pilgrim*, this 20th Day of *February*, 1753.

H. GRENVILLE.

March 21. This Day the Honourable the Members of the Council, preſented to his Excellency, in Council, the following Addreſs, in Anſwer to what his Excellency had lately been pleaſed to communicate to them, which, in Subſtance, was the ſame with the foregoing Meſſage to the Aſſembly.

To his Excellency the Honourable HENRY GRENVILLE, *Eſq; his Majeſty's Captain-General, and Governor in Chief, in and over the Iſlands of* Barbados, St. Lucia, Dominico, St. Vincents, Tobago, *and all the reſt of the Iſlands, Colonies, and Plantations in* America, *commonly called or known by the Name of the* Charribbee-Iſlands, *lying and being to Windward of* Guardaloup, *Chancellor, Ordinary, and Vice-Admiral of the ſame,*

The humble ADDRESS *of the under-written Members of his Majeſty's Council, being all that are reſident on the Iſland.*

May it pleaſe your Excellency,

IT is with Hearts full of Gratitude, and in a juſt Senſe of our Duty, that we, the Members of his Majeſty's Council in this Iſland, now beg Leave to make our moſt humble and ſincere Acknowledgments to your Excellency for all that you was lately pleaſed to communicate to us in Council.

The ſeveral Letters and Papers, which your Excellency formerly laid before us, relating to the Evacuation of the four *Neutral Iſlands* of St. *Lucia*, *St. Vincent*, *Dominico*, and *Tobago*, furniſhed us with an Opportunity of declaring the juſt Sentiments we at that Time entertained of the Spirit, Vigour, and Addreſs, with which your Excellency purſued that important Negociation: Thoſe which your Excellency hath now communicated to us on this Subject, are a moſt ſtrong Confirmation of the Juſtneſs of thoſe Sentiments, and afford us a freſh Occaſion of renewing our Expreſſions of Thankfulneſs for the Conſtancy of your Zeal, and the Earneſtneſs of your Endeavours, to accompliſh the Evacuation of all thoſe Iſlands, in Obſervance of the ſolemn Agreement entered into by his Majeſty, and the *French* King.

That your Excellency's preſſing and well-grounded Remonſtrances to the *French* Governor, have not met with all the Succeſs they ſo juſtly deſerved, they have, at leaſt, been attended with this happy Conſequence, that the Settlement of the valuable and important Iſland of *Tobago* by the *French*, has been thereby fruſtrated, and the ambitious and inſatiable Views of the Court of *France*, have, in this Inſtance, through your Excellency's Vigilance and Attention, been defeated and diſappointed.

For what remains, towards conducting this great Affair to a final and happy Concluſion, we ſhall, with all dutiful Confidence, rely upon his Majeſty's taking, in due Time, the wiſeſt Meaſures for that Purpoſe; and we cannot but hope that *France* will at length be brought to confeſs the Juſtice of his Majeſty's Claim, and be obliged to renounce the unwarrantable Encroachments ſhe has ſo long been forming upon the undoubted Rights of the Crown.----But while we are comforting ourſelves with theſe pleaſing Hopes, it is with a Grief and Sorrow of Heart, which we want Words to expreſs, that we receive the Declaration your Excellency hath been pleaſed to make, of your Intention to avail yourſelf of the royal Permiſſion to be abſent for a Time from your Government, and to embark for *England*.

When we conſider the whole Tenour of your Excellency's Conduct, the Temper, Moderation, and Wiſdom of all your Meaſures. When we reflect on your ſteady and inflexible Adherence to all thoſe generous and diſintereſted Declarations which you made at your firſt Arrival among us----And when we call to Mind the many Bleſſings which the whole People of this Iſland have enjoy'd in common under your Adminiſtration----We cannot refrain from paying this our hearty Tribute of Thanks and Gratitude; and muſt, in Juſtice to your Excellency's uncommon Merits, declare, "That never, within our Memory, did ſix ſuch Years together paſs over this Iſland, in ſuch an uninterrupted Courſe of publick Tranquility----Never did Juſtice ſhew herſelf more amiable in this Colony, nor her Courts appear in a more awful Light.----Never was the Honour and Dignity of Government better ſupported.----Never were the Governed more happy and united.----Never was the Preſence of any Governor among us, for ſuch a Length of Time, ſo univerſally eſteem'd; never was his Departure ſo univerſally regretted.

The beſt, the only Conſolation we are capable of receiving in our extreme Concern for your Abſence, ariſes from the Hopes which we ſhall conſtantly cheriſh in our Minds, that your Health will e'er long be perfectly re-eſtabliſhed, and that we ſhall then have the unſpeakable Happineſs of ſeeing you return to continue to preſide over us, and thereby to fulfil the Wiſhes of a whole People, who never felt, and are never likely to feel, any Uneaſineſs in your Excellency's Time, ſave only in the laſt Hour----The Hour of parting.

We cannot conclude without returning your Excellency our particular Thanks for the obliging and affectionate Regard you have been pleas'd to expreſs for the Members of this Board.----We know no ſurer Way of rendering ourſelves deſerving of it, than by employing our beſt Care for the Preſervation of the publick Tranquility, ſo happily prevailing among us, and by uſing our beſt Endeavours for carrying into Execution his Majeſty's Commands, which you lately communicated to us; that we may the more effectually accompliſh theſe great Ends, we ſhall not fail of placing conſtantly before our Eyes, your Excellency's own great and animating Example.----While that is our Guide, we are confident we ſhall never err.

We are, with the moſt perfect Sentiments of Eſteem and Reſpect, may it pleaſe your Excellency, your Excellency's moſt dutiful, moſt faithful, and moſt obliged humble Servants, *Ralph Weeks*, *John Frere*, *John Gollop*, *James Carter*, *William Barwick*, *Samuel Rous*, *John Dotin*, *Samuel Huſbands*, *George Walker*.

To which his Excellency was pleaſed to return the following moſt affectionate Anſwer.

Gentlemen,

IT is impoſſible for me to expreſs all that my Heart ſuggeſts, in Return for this obliging and affectionate Addreſs. A juſt Senſe of my Duty to the Crown has ever led me to exert my beſt Endeavours for the Service of this Country, but the very favourable Light in which you have conſidered thoſe Endeavours, and the undeſerved Applauſes you have beſtowed upon them demand my beſt Acknowledgments, and the warmeſt Returns of Gratitude.

If the People of this Iſland have been ſatisfied and happy under my Adminiſtration, I can with great Truth aſſure you, that I have been all along no leſs ſatisfied and happy in their Behaviour towards me.----The Time I have paſſed in this Country, I ſhall ever reckon amongſt my faireſt Days.----The Affection and Eſteem of this Honourable Board, I ſhall ever value amongſt my beſt Poſſeſſions.

H. GRENVILLE.

To his Excellency, the Honourable HENRY GRENVILLE, *Eſq; his Majeſty's Captain-General, and Governor in Chief, in and over the Iſlands of* Barbados, St. Lucia, St. Vincents, Dominico, Tobago, *and all the reſt of the Iſlands, Colonies and Plantations in* America, *commonly called or known by the Name of the* Charribbee-Iſlands, *lying and being to Windward of* Guardaloup, *Chancellor, Ordinary, and Vice Admiral of the ſame,*

The humble ADDRESS *of the General Aſſembly of the ſaid Iſland of* Barbados.

May it pleaſe your Excellency,

WE the Repreſentatives of the People of this Iſland, in General-Aſſembly now aſſembled, beg Leave to take this firſt Opportunity to return your Excellency our moſt humble and hearty Thanks, for your Excellency's laſt affectionate Meſſage to this Houſe.

Notwithſtanding that your Excellency's late Negociations with the *French* Governor at *Martinique*, for obtaining the actual Evacuation of the four *Neutral Iſlands* of *St. Lucia*, *St. Vincents*, *Dominico*, and *Tobago*, by the *French*, have not been attended with ſuch perfect Succeſs as might well have been expected from the Juſtice of his Majeſty's Claim, yet we have the pleaſing Satisfaction to ſee, from the Papers your Excellency cauſed to be laid before us at our laſt Sitting, that thoſe Negociations have been purſued by your Excellency with the ſame Application, the ſame ſpirited, unanſwered, and unanſwerable Force of Reaſoning with which you firſt began them; and, by which the Eſtabliſhment of the *French* at *Tobago*, was ſo ſeaſonably prevented.

In Effect, it is highly for your Excellency's Honour, that the compleat Evacuation of all theſe Places could be no otherways evaded, than by the Refuſal of thoſe People to obey the Orders of their own King, founded upon a ſolemn Agreement betwixt the two Courts, in Conſequence of the late Treaty of Peace.----In ſo right a Manner hath your Excellency exerted all the Powers intruſted to you, for the Accompliſhment of this great Affair.

As the Trade of his Majeſty's Kingdoms in general, as well as the Safety of this, and all the *Britiſh* Iſlands, are ſo deeply intereſted in the Event, your Excellency may be well aſſured, that we ſhall, with all dutiful Confidence, rely upon his Majeſty's taking in due Time the wiſeſt Meaſures for conducting it to a happy Concluſion.

Safely may we confide in a King, who has given ſo many Proofs of his Concern for the Welfare of all his People; who knows ſo well to redreſs their Injuries, and to vindicate the diſputed Rights of his Crown.----

----Happy, for ſo many Years, under your Excellency's Adminiſtration, beyond the Example of all paſt Times, this Iſland hath nothing left to wiſh for, but the long Continuance of it.

The Grief with which ſhe is ſtruck, by the Declaration your Excellency hath been pleaſed to make of your Intentions to avail yourſelf of the royal Permiſſion, and embark very ſoon for *England*, and the ſad Occaſion of it, is ſincere, univerſal, and above all Expreſſion.

The Eſtabliſhment of that perfect Tranquility ſo immediately introduced amongſt us by your Excellency, and ſtill prevailing thro' the Iſland, was the happy and natural Effect of the Wiſdom of your Excellency's Conduct upon your firſt Arrival; it has been thus long preſerved by your ſteady Perſeverance in the ſame Conduct: And as we flatter ourſelves, that neither the Remembrance, nor the Influence of your Excellency's Virtues, will ever be loſt amongſt us, ſo we preſume to aſſure your Excellency, that on our Part, the maintaining this Tranquility, and the carrying into Execution thoſe his Majeſty's Commands, lately communicated to us by your Excellency, ſhall be the chiefeſt Objects of our Cares and Attention, during your Abſence from us.

Theſe are the only Ways by which we can ever hope to appear not entirely undeſerving of thoſe favourable Sentiments your Excellency is pleaſed to entertain of this Houſe, and by which only we can ever have any Pretence to your Excellency's future good Offices, for the Service of our Country.

Nothing remains, but the melancholy Part of taking our Leave of your Excellency:----Permit us to indulge ourſelves in the fond Hopes, that we take not this Leave for ever.

That your Excellency may ſoon recover the perfect Enjoyment of your Health:---That we may have the Happineſs of ſeeing you return again to the high Station which you have filled, with ſo much Honour to yourſelf, and with ſuch general Applauſe of a People, ever ſenſible of your Excellency's great Talents for Governing:---Obliged by the Manner in which you have exerted thoſe Talents, and charmed with your private Deportment amongſt them---Theſe are the higheſt Wiſhes.---Theſe the undiſſembled Sentiments of our Hearts. Read, and paſſed the General Aſſembly, this 20th Day of *March*, 1753. *William Duke*, Clerk of the General Aſſembly.

This Addreſs was agreed to, and paſſed, by the Honourable Sir *William Gibbons*, Baronet, Speaker, the Honourable *John Lyte*, the Honourable *John Cobham*, the Honourable *Enoch Gretton*, the Honourable *William Maynard*, *Francis Bell*, *Edward Paris*, the Honourable *John Faircloth*, the Honourable *John Harriſon*, *Robert Richards*, *Francis Skeete*, the Honourable *Henry Thornhill*, *Edward Jordan*, *Benjamin Mellows*, the Honourable *Samuel Adams*, *Samuel Rollſtone*, *John Gittens*, and *Archibald Carmichael*, Eſquires; the Honourable *Philip Gibbs*, Eſq; alone diſſenting.

His Excellency's ANSWER *to the ſaid Addreſs was in the following Words.*

Gentlemen,

I AM extremely unable to expreſs myſelf on this Occaſion; I know as little how to acknowledge, as how to deſerve, the kind Sentiments contained in this Addreſs; I can only ſay, that if my Endeavours to promote this Country's Happineſs have been at all ſucceſsful, they are infinitely over-paid by the very favourable and obliging Senſe you entertain of them.

For my own Part, I ſhall ever retain the warmeſt Gratitude for the many Proofs I have received of this Country's Regard for me; ſhall always ſet the higheſt Value upon your good Opinion and Eſteem; and will not fail, ſo long as it ſhall be his Majeſty's good Pleaſure to continue me in this high Station, to exert myſelf to the utmoſt for your Service; and thereby try to merit ſome Share of that Applauſe which you have been pleaſed ſo unitedly to beſtow upon me. *H. GRENVILLE.*

The Governor's Meſſage to the Aſſembly, their Addreſs, and his Anſwer, are ordered by the Houſe to be printed, and made as publick as poſſible. Cert. by WILLIAM DUKE, Clerk of the General Aſſembly.

The Honourable *John Cobham*, Eſq; the eldeſt Member of the Aſſembly, who firſt took his Seat in the Houſe, on the 30th of *July*, 1723, immediately, upon his Excellency's Anſwer being read to the Aſſembly, expreſſed himſelf as follows.

Mr. Speaker,

I REMEMBER the Words of a former Aſſembly to one of our Governors, in a few Weeks after his Arrival, in their Addreſs to him, on preſenting the Act for ſupporting the Honour and Dignity of Government;---They told him, "That their Confidence in his Excellency was great, but his Virtues more than deſerved, they commanded it:---That the Aſſembly knew the Publick Good, in all its Parts, would be his peculiar Care:----They knew he would be indeed a Father to his Country.---How pleaſed then (they ſaid) muſt they be, that his Excellency ſhould be the firſt in whom ſo great a Confidence was placed, and how proud that they ſhould have the Honour of placing it; for they were ſure he would go on, purſue what he had begun, crown them with Happineſs, and himſelf with Glory."

How improper ſoever theſe Encomiums have been thought to be

great,

given, in the Beginning of that Adminiſtration, I have the Pleaſure and Satisfaction of knowing, that they may all, with the ſtricteſt Truth, be juſtly applied to our preſent moſt excellent Governor, who, during his happy Adminiſtration, for near ſix Years, has indeed rendered the whole Courſe of it honourable and eaſy to himſelf, as well as beneficial to the Iſland.

The Advantages derived to this Iſland by his Excellency's Influence, are ſo very great, ſingular, and extraordinary, as will juſtify the Repreſentatives of the People ſhewing their Senſe of, and Gratitude for, them, in the beſt Manner they are able: And as his Excellency has ſignified to us, that his Health requires him to make uſe of the Royal Permiſſion, he has obtained, to embark ſoon for *England*, I intended to have moved this Houſe to have allotted a certain Sum of the Publick Money to defray the Expence of his Excellency's Voyage.

I was induced to think of this Meaſure, as it had been practiſed, with reſpect to ſuch former Governors whoſe Merits were highly regarded; but his Excellency having, in the moſt friendly, generous, and diſintereſted Terms, declared, "That he will not, on any Conſiderations or Pretences, accept of any pecuniary Preſent, but will, invariably and ſtrictly, adhere to the Words and Intention of his Majeſty's Inſtructions:" And to thoſe right Principles, by which, we have experienced, he has been nobly actuated, and promoted the Happineſs of this Iſland, I am prevented from making the Motion I at firſt intended; and inſtead of that, I move, That this Houſe will direct their Members, who are of the Committee of Correſpondence, to write to the Agent in *Great Britain*, to procure his Excellency's Statue to be made of Marble by the moſt able Artiſt, to be ſent to this Iſland; and that it may be ſet up in ſome publick Place, as the higheſt Mark of Reſpect that can be ſhewn to him.

Which Motion was ſeconded by *William Maynard*, Eſq; and the Queſtion being thereupon put, the ſame was agreed to by all the Members, except *Philip Gibbes*, Eſq; who diſſented therefrom.

Then *John Cobham* Eſq; alſo moved, and was ſeconded by *John Lyte*, Eſq; that a Copy of this Minute be laid before the Honourable the Council, for their Concurrence therein, that the Expence, when aſcertained, may be paid for out of the Publick Treaſury; and which was likewiſe agreed to by all the Members, except *Philip Gibbes*, Eſq; and ordered accordingly. Cert. by WILLIAM DUKE, Clerk of the General Aſſembly.

The ſaid Minute of Aſſembly having been laid before their Honours of the Council, they unanimouſly concurred with the General Aſſembly in the juſt and grateful Reſpect thereby ſhewn to his Excellency, and agreed that the Members of Council, who are of the Committee of Correſpondence, do join with the Members of the Aſſembly who are alſo of the ſame Committee, in a Letter to the Agent in *Great Britain*, directing him to procure a Statue of his Excellency, in Marble, to be finiſhed by the moſt able Artiſt, and ſent to this Iſland, at the Publick Expence.

And it is further agreed, that ſuch Statue be erected in ſome publick Place, as the higheſt Mark of Gratitude and Reſpect that this Country can ſhew his Excellency.

Thereupon his Excellency was pleaſed to expreſs himſelf to the Council, in the following Words, *viz.* "I have the higheſt and moſt grateful Senſe imaginable of the extreme Honour which this Country has been pleaſed to confer upon me; but, as it appears to me by the Minute of Aſſembly juſt read, that the Expence when aſcertained, is to be defrayed out of the Publick Treaſury, and as I can by no Means, contentedly, ſuffer the Publick to incur the leaſt Charge, on my Account, I muſt make it my earneſt Requeſt to this Board, and to the Houſe of Aſſembly, that they will allow me the Satisfaction of taking upon myſelf the whole Expence attending the Execution of this Work."

Their Honours of the Council unanimouſly expreſſed their Concern, that his Excellency ſhould make a Requeſt which they were obliged to refuſe, and which they did from a Senſe, that their Conſent would not only reflect Diſhonour upon the Iſland, but might be conſtrued to leſſen the Compliment ſo juſtly intended to himſelf.

Ordered, By the Council, that the Copy of their Minute, containing their Concurrence with the General Aſſembly, his Excellency's Requeſt, and their Anſwer, be printed, and made as publick as poſſible. Cert. by RICHARD HISBANDS, Dep. Clerk of the Council.

To HENRY GRENVILLE, *Eſq; Governor and Commander in Chief, of this, and other the King's* Charibbee Iſlands, *to Windward of* Guardaloupe, *&c.*

The reſpectful ADDRESS *of the People called* Quakers, *in the ſaid Iſland.*

May it pleaſe the Governor,

THE great Obligations we remain under for thy favourable Regard to us, as a People, on every juſt Occaſion, as well as thoſe which affect us in common with the reſt of the Inhabitants of this Iſland, for the publick Benefits of thy excellent Adminiſtration, engage us, under a real Concern, to addreſs thee, with our thankful Acknowledgments, and to teſtify our unfeigned Sorrow at thy Departure, which we cannot but conſider as a publick Loſs; and the more ſo, when we reflect that the whole Tenor of thy Conduct and Government, has been to ſupport the royal Prerogative, to preſerve the Laws and Liberties of the People, to diſtribute impartial Juſtice, mixed with Mercy, and to cultivate and eſtabliſh the Peace and Happineſs of this Iſland.

Theſe Virtues, with many others (uninfluenced by any ſelf-intereſted or ſiniſter Views) which have been ſo ſtrongly recommended, not only by Words, but by thy worthy and eminent Example, we hope will prove a powerful and laſting Incentive of Imitation to all that may ſucceed in the ſame high Station of Government.

Permit us, with this Teſtimony of true Reſpect, to give the fulleſt Aſſurance of our fervent Wiſhes for the Reſtoration of thy Health, Preſervation through the Dangers of the Sea, Proſperity and Happineſs in whatever Station divine Providence may place thee: And, may we add our ſincereſt Wiſhes for thy ſafe Return to this Iſland; that Peace and Tranquility may continue amongſt us, as it has done in an uncommon Manner, during thy prudent and juſt Adminiſtration. Signed in Behalf of ourſelves, and the reſt of our Friends of the ſame religious Society, the 30th Day of the *Fourth Month*, called *April*, 1753. *Edward Harriſon, Joſeph Gamble, John Gibſon, Andrew Dury, Rowland Gibſon, John Luke, John Peddor, William Hillary.*

To which Addreſs his Excellency was pleaſed to make the following Anſwer.

Gentlemen,

I RETURN you my Thanks for this your very friendly and reſpectful Addreſs.

Your quiet and peaceful Behaviour, under my Adminiſtration, has well entitled you to all my favourable Regards; and I am well pleaſed to find that my Conduct has been agreeable to you.

Your many kind Wiſhes for my Welfare are extremely acceptable to me: And I deſire you to be firmly perſwaded, that I do, on my Part, ſincerely wiſh for the future Proſperity and Happineſs of you, and the reſt of the People of your Society.

H. GRENVILLE.

By Captain Shirley, *in the Ship* London, *from* London, *and Captain* Smith, *from* Briſtol, *we have the following Advices*, viz.

PARIS, May 28.

MANY Imperfect Copies of Remonſtrances made by the Parliament of Paris having been made publick, we ſhall give our Readers one which is looked upon as authentick, and worthy of being tranſmitted to Poſterity.

"Sire, The moſt eſſential Intereſt of a Sovereign is to know Truth. Your Parliament is bound, by the Duty of their Station, to lay the ſame at your Majeſty's Feet: But never was that Duty more cloſely united with the inviolable Fidelity they have ſworn to maintain, than at the preſent Juncture, when the Rights of their moſt valuable Religion, and the Preſervation of the State, are at Stake. Both are equally threatened by that daring Schiſm which has raiſed our Zeal, which Schiſm, having been too long not taken Notice of, has taken ſuch deep Root, and makes daily ſuch rapid Progreſs, that very ſhortly there will be no Methods found to put a Stop thereto.

"Already, Sire, the Courſe of Juſtice is interrupted, the moſt neceſſary Forms violated, the People harraſſed, the Criminal emboldened, the Judges deſpiſed, intimidated, oppoſed, and even rendered incapable of acting. Already the violent Shock occaſioned by this Schiſm diſcovers an Aſſuming of Power in the Heart of your Dominions, an arbitrary Rule which knows no Laws nor Sovereign, nor Magiſtracy, under the Pretence of Religion; the Sovereign Authority made Uſe of, or rejected, as an Inſtrument to ſerve their own Purpoſes; the fundamental Laws of the Kingdom are treated as a troubleſome Yoke; the lawful Liberty of the Citizens as imaginary, and to conſiſt in Title only.

"If our Calamities were leſs grievous we ſhould fear, Sire, to declare to your Majeſty ſuch dreadful Preſages, and engage your Royal Attention to Attempts which ſtrike at the very Being of Monarchy: But in Duty we owe all to the Welfare of the State, to the Preſervation of your Crown, to the ſolemn Oath we have taken to you, and to the Confidence with which we have been always honoured, not only by the Kings your Predeceſſors, but even by your preſent Majeſty. 'You know and bewail with us, the Miſeries of your Kingdom, and the Dangers to which it is expoſed, aſſiſt us, therefore, in our Endeavours to ſave it!" This is the ſole Object, Sire, of our Attention, 'tis on this Principle our Indefatigable Pains are founded which have ſo long ſupported your Parliament, which no other Intereſt could have done with that immoveable Firmneſs, with which they oppoſe the Deſigns of many among the Clergy, and their Perſeverance in ſacrificing their Quiet and Watchfulneſs to the Good of the Kingdom: 'Tis, in a Word, that Spirit which brings your Parliament to the Foot of your Throne, to repreſent to your Majeſty, that the Preſervation of a State depends altogether upon the maintaining of the fundamental Laws of the Monarchy.

"A Work wrote and publiſhed by Order of your auguſt Great Grandfather, ſays, 'That the fundamental Law of the State forms an eternal and reciprocal Tye between the Prince and his Deſcendants on the one Part, and his Subjects and their Deſcendants on the other, as a Kind of Contract, whereby the Sovereign governs, and the People obey; a ſolemn Engagement, by which they are mutually bound to help and ſupport each other."

"Such, Sire, has been the Language of your Parliament on all Occaſions: 'The Kingdom is the King's, ſaid he, and the King is for the Kingdom; you are bound to maintain the Rights of your Crown, thoſe of your Own, and thoſe of your People; thoſe belonging to you as Head, thoſe of your Subjects as Members; the Subjects owe to their Prince Duty and Obedience, he owes them Protection and Preſervation; the People cannot by any Means ſhake off their Obedience to the King, nor he, in reciprocal Manner, forſake and abandon them; in as much as they owe him Fidelity and Support, he muſt in Return do them Juſtice."

Bruſſels, June 4. A very vigorous Ordonnance has been publiſhed here, forbidding all her Imperial Majeſty's Subjects from entering into any foreign Service on Pain of forfeiting all their Effects, and puniſhing ſuch Perſons as ſhall promote and aſſiſt in ſuch Engagements with Death.

According to ſome Letters from Paris we are perſwaded, that the ſeveral Camps which have been talked of will take Place immediately after the Harveſt is got in. It is certain, that Monſ. de Cremille, the Duke de Randan, the Marquis de Breze, Monſ. de Chevert, and the Prince de Soubize, are appointed to command there. It is aſſured, that the King in Perſon will be at the Camp of Compeigne.

Pontoiſe, June 4. The Parliament has been four Days without hearing of Cauſes; but aſſembled again this Morning. The 29th of laſt Month they determined the Affair of the Curate of Looze, in the Dioceſe of Sens; who having refuſed the Sacraments to two of his Pariſhioners, was rewarded for it with very abuſive Language: The Curate is enjoin'd to have more Charity for his Pariſhioners, and theſe are charged to behave to him with more Reſpect.

An Accomodation between the King and the Parliament is on the Anvil, and the Prince of Conti is the Mediator in this great Work: The main Articles are kept very ſecret, the Prince having as yet conferred about them with none but the Firſt Preſident, and a few of the Members.

Paris, June 8. The Camp at Compeigne will be more numerous than was expected. The right Wing of the Troops which are to form it, will be poſted 12 Leagues from this Capital. It will be commanded by the King in Perſon. The Camp in Alſace, for which Preparations are already making, will conſiſt of forty Battallions and fifty Squadrons.

Hague, June 14. The Negociation, by which the King of Pruſſia is to cede his Lands, &c. in the Seven Provinces to the Houſe of Orange (who will then have all that King William III. poſſeſſed) in Conſideration of 700,000 Florins, payable at four Terms, is, we are told, in great Forwardneſs.

Rochelle, May 29. Five Men of War and three Frigates arrived here lately; and on board them the Troops which have been cantoned theſe two Months in our Neighbourhood are to be embarked, but their Deſtination is yet a Secret.

Moſcow, June 22. Orders are given that the Lords and Ladies who attend at Court this Summer, ſhall come dreſs'd only in Stuffs trimm'd with Silk, without Gold or Silver.

Stockholm, June 1. The French Ambaſſador, has obtained Permiſſion to cauſe build in our Ports ſome more Men of War for the Service of his moſt Chriſtian Majeſty.

Pontoiſe, June 10. Letters from Rouen, give out, that the Parliament of Normandy had been expreſsly charged to ſtay their Proceedings in Relation to the Refuſal of the Sacraments; but we ſince learn that they nevertheleſs ſtill continue them.

Pontoiſe, June 11. The Exiled Members of the Parliament of Paris have ſent a Memorial to the Great Chamber of Pontoiſe, exhorting them in very pathethic Terms to adhere to the true Patriot Syſtem.

Paris, June 15. Within theſe few Days many Perſons have been ſent to the Baſtile, by expreſs Orders of the King, for talking too freely of his Majeſty's Conduct towards the Parliament.

Paris, June 16. The Publication of an important Declaration by the King, to put an End to the preſent Diſputes, is daily expected. The Preamble, which is very ample, ſpecifies the Time, and the Reaſons which induced our Monarchs to transfer a Part of their Authority to the Parliaments, and mentions all the Ordinances, Edicts, and Arrets of Council iſſued with Regard to that Subject for above theſe hundred Years.

Hague, June 21. By an authentic Liſt of the Republic's Land Forces, their Number is as follows: Infantry, 25152, which coſt per Month 313980 Florins; Dragoons, 1176, coſting 27131; Horſe, 2886, coſting 80239. To which are to be added ſixty-eight Companies of Swiſs, making 7200 Men, and coſting altogether per Month 121512 Florins; ten Companies of the Stadtholder's Troops in Germany, in all 750 Men, and coſting 3850 Florins; the ſame Number of the Prince of Waldeck's Troops; four Companies of Miners and Sappers, making 208 Men, and coſting 3171 Florins; fifteen Companies in the Artillery, making 1875, and coſting 26761 Florins.

Genoa, June 1. By the laſt Diſpatches from Barcelona, we are informed, that his Catholick Majeſty, being reſolved to put a Stop to the manifold Robberies of the Barbary Corſairs, has ſent Orders to his ſeveral Sea Ports, for the putting to Sea of as many Men of War as may be requiſite to form a Squadron of Ships, in order to deſtroy and deter thoſe Infidels.

Paris, June 18. An Ordonnance is iſſued prohibiting all Maſters of Ships to carry Arms or warlike Stores to the Corſicans.

Paris, June 23. Letters from Breſt adviſe, that they are making a freſh Armament of nine Men of War, which, it is given out, are deſigned for nothing but to exerciſe the Marine Guards for two Months upon the Coaſts.

Amſterdam, June 24. We hear that the Engliſh Miniſter at the Porte has received Orders to demand an explicit Anſwer concerning the Foundation of the many Reports which have been ſpread, with regard to the Motions of the Turks.

Paris-A-la-main, June 25. The King has altered the Exile of ſeveral Counſellors to the Parliament; they are to go to their Eſtates, where they are to remain till they receive farther Orders.

LONDON.

June 9. Our laſt Letters from Vienna intimate, that the ſending Malefactors to work in the Fortifiations at Temeſwaer, has had a very good Effect, thoſe Miſcreants being infinitely more afraid of Labour than of Death, and many who have been ſent thither have, in a ſhort Time, been wonderfully reclaimed.

The Female Quaker that made the Speech after his Majeſty was gone out of the Houſe of Lords on Thurſday laſt, addreſſed herſelf to Lord R---v---n---h: Her Subject was chiefly on the Vanity of the Dreſs of the Times.

June 12. An Expreſs arrived at Moſcow from Aſtracan has brought Advice, that Prince Heraclius, whoſe Army has ſwelled to 130,000 Men by Reinforcements from different Provinces, has gained three compleat Victories over the Army of the Shah Doub: After which waving the Ceremony of getting crowned at Iſpahan, as hath been mentioned in ſome former Accounts, he contented himſelf with detaching a large Body of Troops to take Poſt in that City, and eſtabliſh there the Magazines of his Army, and ſent two other Detachments, conſiſting of the Flower of his Troops, in order to cut off Shah Doub's Retreat into the Mogul's Dominions.

Our Correſpondent in Paris is as ſanguine as ever, in regard to the Return of the Parliament: He mentions the Marriage of the Son of Marſhall Belliſle to the Niece of Monſieur de Maurepas as a Proof of this. In the mean time, it is certain that the Great Chamber ſeems rather to live in Triumph than in Exile at Pontoiſe.

June 22. The Adventure, Melvin, of Aberdeen, from Campvere, for Maryland, foundered off the Iſland of Flores on the 11th of May; but the Crew were fortunately taken up by a Veſſel from North Carolina, and carried into Fial.

June 27. We hear, Governor Hopſon, is ſhortly expected over from Nova-Scotia, on account of his ill State of Health, and that another Governor will be appointed in his Room.

June 30. The duke de Mirepoix, and a director of the French India Company, have, it is ſaid, had ſeveral Conferences with the miniſters and directors of the India company; which conferences tend to re-eſtabliſh concord between the two India companies of the two nations.

The penſioners of the royal train of artillery are ſpeedily to be called in, and formed in a company, who are to do garriſon Duty at Fort George, Fort William, &c. in Scotland.

We hear, that prince Severino Albertini, will make his publick entry through the city, on monday the 30th of next month; being the birth-day of the King of Naples; the firſt that has been ſince the reign of king Charles II. when prince Albino reſided here, as ambaſſador from that court.

It is ſaid, that upon ſome complaints lately made, two Governors will ſpeedily be recalled, in order to anſwer the accuſations againſt them.

On Tueſday, another Pickpocket belonging to the Gang, of which ſixteen have been taken up, was apprehended in Rag Fair. He, it ſeems, had follow'd the Profeſſion Twenty-Seven Years, being one of the oldeſt of the Occupation now living.

July 3. By a private Letter from Frankfort, we underſtand, that M. Voltaire is not a little chagrined under his preſent Circumſtances, being guarded by eight Soldiers who never loſe Sight of him. His Friends give out, that he has ſtill the moſt profound Reſpect imaginable for the King of Pruſſia; but unluckily ſome Reports have reached Berlin, that he has taken Liberties in his Diſcourſe not very conſiſtent with ſuch Sentiments, if he really had them. However that Matter may be, the Magiſtrates of Frankfort, at the Inſtance of that Monarch, cauſed him to be arreſted, and keep him ſtill in cloſe Cuſtody.

Our Correſpondent at Paris aſſures us, that the Reſtoration of the Parliament will undoubtedly take Place, as there is nothing plainer than that all the Families of the long Robe in France are determined to triumph or to fall together. The Buſineſs is, to find a Temperament to bring them back without diſcrediting the Royal Authority; the ſecuring a certain Miniſter from the threatened Effects of their Reſentment, and eſtabliſhing ſome ſolid Regulations that may prevent the Revival of ſuch Diſputes as theſe for the future. Expedients, which, tho' wiſely ſought after, may not be very eaſily found.

It is reported, but on what Foundation we cannot preſume to ſay, that the Turks have naturalized and incorporated the Chriſtians among them; and that a very conſiderable Number of Chriſtians are preparing to embark for that Kingdom, in order to enjoy the Benefits thereof. Note, the Chriſtians there are excluded all Rights to Preſentations of Livings, &c.

July 7. *Letters from Hamburgh adviſe, that the Czarina, during her late Illneſs, made a Vow to put no more Criminals to Death, but to puniſh them corporally, or baniſh them.*

July 10. Letters from Paris intimate, that the Parliaments of Normandy and Dijon continue their Proceedings againſt the Clergy with more Vigour and Reſolution than ever, notwithſtanding a ſecond Arret, containing a general Prohibition of all ſuch Proceedings, has been ſignified to the former.

We learn from Cadiz, that they are about to embark 2000 Land Troops, which are to enforce the Garriſons in America, where, on account of the illicit Trade, there is a ſort of open War between certain Nations. The Court perſiſts in its Intention of employing a naval Force to block up the Port of Algiers. It is ſaid that a new and very important Negotiation is on the Carpet with their Imperial Majeſties.

They write from Moſcow, that Affairs in Perſia begin to take a better Turn; and, as their new Monarch intends to eſtabliſh a univerſal Toleration, and an Exemption from all Taxes for ſeven Years, it is believed he will draw a Number of People out of the adjacent Countries into his own Kingdom. There is a Rumour that the Tartars are in Motion.

According to ſome private Advices from Paris, the Purport of the Anſwer made to the late Repreſentations of a certain Ambaſſador, about diſaffected Perſons finding an Aſylum in France, was, 'That it was very far from their Intention to harbour any ſuch Perſons, much leſs to countenance their Projects: That they did not know of any being lately arriv'd in the Kingdom; and that as ſoon as they could find out their lurking Places, they would order them to depart.'

Our Correſpondent at Paris is ſtill ſanguine on the Behalf of the Parliament; he inſinuates that the Clergy begin to be weary of the Diſpute, and have highly diſapproved ſome flaming Papers lately publiſhed by their too forward Advocates.

KINGSTON, in *Jamaica, July* 28.

From Carthagena, we hear, that a Vessel sent by the Governor of Caraccas, on board of which was a Packet containing Letters of Consequence, to his most Catholic Majesty, in her Way was seized at Coracoa, where she was seized, as also the Packet.

We also hear, that Don Pedro Lasardor, Commodore of the Spanish Squadron at Carthagena, was ordered to sail with all possible Expedition for Coracoa, to demand the Packet; and in Case it should be broke open, and not delivered in the same Manner as it was inclosed, or refused to be delivered at all, Don Pedro Lasardor had Orders to cruize with his Squadron off Coracoa, and there to take, sink or destroy all Vessels belonging to that Place.

Charlestown, South-Carolina, August 20.

The Catawba's have been very little annoyed by any Enemy since they made Peace with the Five Nations; but lately they met with such Indians, called Caughnawagee's, have killed and carried off 14 or 15 of them: The Catawba's we doubt not will soon repay them in their own Coin, and with Interest; a Week ago they brought five of their Enemy's Scalps to Town, and we hear of another Engagement since, in which six Catawba Men and two Boys, fell upon twenty of the Enemy, and killed eighteen upon the Spot, with the Loss of but one Man.

BOSTON, September 10.

Last Monday one of our Fishing Vessels brought in here the Crew of a French Schooner, consisting of nine Men, with Part of her Cargo, Sails, &c. which they discover'd to be in Distress about a Fortnight ago, being cast ashore and stranded, some Leagues to the Eastward of Cape-Sables; she belong'd to Louisbourg, and was bound thither from Martinico.

NEW-YORK, September 17.

On Saturday Evening last arrived here the Sloop Mary and Catherine, Capt. Jones, in about eight and thirty Days from the Bay of Honduras; by whom we learn, that about 12 Days before he left it, two large Sloops of ten Carriage Guns and 50 Men each, were fitted out by the English Traders then in the Bay, and dispatched to attack a Brig they saw at Anchor under Key Bokell, supposed to be a Spaniard: That soon after they sailed, observing a Sail standing in towards the Bay, they gave her Chase, but she proving to be the King George, Capt. Dunscomb, of this Port, they return'd and stood for the other that was at Anchor, who by this time had got under Way, making directly for the two Sloops: About off the North West End of Turneff they came to an Engagement, which lasted for several Hours almost board and board, when the Spaniard, finding the Englishmen too strong for him, and himself to have received considerable Damage, as both their Pumps were observed to be continually going, and a great Number of their Men throwing overboard, thought proper to sheer off: They pursu'd her for several Hours, when, by the Help of the Night coming on, and one of the Sloops being an indifferent Sailer, got clear off: She was a Vessel of 14 large Carriage Guns, and upwards of 20 Swivels, was full of Men, and Consort to the Brig lately mentioned to be taken in the Bay by the Traders.

We further learn by Capt. Jones, that the Renegadoes in the Bay River, are still very troublesome; and that the Englishmen dare not send their small Craft up, without a large One properly equipped for their Protection.

Capt. Jones left in the Bay, the Capts. Ward and Belston, in two Snows belonging to Boston, and bound to London; the Capts. Forrest, Havens, and three others belonging to Rhode-Island: Capt. Millar, in a Ship from London: and the Capts. Guilford, Carter, Johnson, Ducket, Savage, and Dunscomb, all of this Port; and sail'd in Company with the Capts. Fones, Duncan, and Thorn, of and for Rhode-Island.

We have Advice from Kingston in Jamaica, by Capt. Carlisle, who arrived here Yesterday from that Island, That the Sloop Forester, Michael Hinde, Master, of that Place, sailed from thence the Fourth of May last, bound for Coracoa, and on the 14th having sprung a Leak, they were obliged to put into Tiberon Bay to refit, but being informed by the Master of a French Sloop, that there was no proper Officer there, persuaded him to go for St. Louis. Accordingly the 19th of May he weigh'd Anchor for that Purpose, and at about eight Leagues Distance was overtaken by a French Guarda Costa, who took him and carried him into Porto Prince, where the Vessel and Cargo were condemned, with twenty Slaves, and sold at the King's Audience, as a lawful Prize, for anchoring in their Harbour, and seeking Relief in the greatest Distress.

THE Royal Patent Medicinal Powder Snuff, publiſhed under ſanction of the King's royal letters patent, being a medicine that hath gain'd ſo much credit for theſe many years paſt in Great-Britain and Ireland, by its operation on the head, diſſipation of vapours, and warm aromatic quality, it effectually cures recent lunacies, dizzineſs, and apoplexies, deafneſs, and weakneſs of ſight, breaks and carries off impoſthumations and ulcers inwardly or externally, quickens the ſpirits, and awakens them from a lethargic ſtate; has likewiſe a very good effect in all chronical caſes, carries off the ſtone and gravel, and brings away the polypus in the noſe, cures fits, agues, and pains in the head and gums in a few minutes, or a very little time, without drawing teeth or ſtumps. By its power on the ſtomach and lungs, it gradually diſſolves coagulated matter; and by the channel of the noſe, by ſtool, urine or perſpiration, inſenſibly carries off every kind of putrefaction; and thus removing all obſtructions or oppreſſions on the breaſt, ſtomach, or lungs, it totally eradicates the aſthma, catarrh, and phthiſic, recovers to the ſtomach and nerves their genial tone and action, and utterly annihilates all hyſterical diſorders. Its ſingular uſe and excellence conſiſts in its being pleaſant in the taking, happy in the operation, and morally certain in the cure. It hinders no buſineſs, eating or drinking, and not cauſing but curing colds, as will more fully appear, by peruſing a book explicitly opening and explaining its nature and operation, and many of the actual cures it has perform'd; which book may be ſeen and peruſed at Mr. Chriſtopher Marſhall's, at the Golden Ball, in Cheſtnut-ſtreet, Philadelphia, who is appointed by us the patentees and company, our only agent to vend and ſell the ſame, and no other in Philadelphia.

The prizes not demanded in ſix months after the drawing, to be deemed generouſly given for the uſes aforeſaid, and not to be demanded afterwards.

We hope a deſign of this kind will meet with publick encouragement, as the ſociety, without troubling others, hitherto have done all in their power to erect a place of worſhip in this city; but conceiving the inſtructing the riſing generation of the utmoſt conſequence, and many of the ſociety unable to bear the expence of ſchooling, they have been tempted to take theſe meaſures to procure publick help to erect a ſchool-houſe, and aſſiſting a maſter in inſtructing the helpleſs in the principles of religion, and the uſeful knowledge of reading and writing.

N. B. The tickets are now ſelling by the above managers, at their reſpective dwellings; and by Jacob Winey, Michael Deal and Henry Shellenberg.

The tickets will begin to be ſold by the managers, at their reſpective dwellings on Friday the 7th of September inſt.

We hope a deſign of this kind will meet with encouragement, as the only motive that induced the ſociety to enter on ſuch a ſcheme, was their being thoroughly ſenſible of the diſadvantages they labour under, and the great neceſſity there is of a houſe in Germantown, for their miniſter to inſtruct thoſe children in reading and writing, whoſe parents are unable to give them ſuch education; and as the ſociety amongſt themſelves are unable to accompliſh ſuch an undertaking, were importuned to have recourſe to a lottery, in order to enable them to carry on the ſame, as it will tend to the publick good.

The PENNSYLVANIA GAZETTE.

Containing the freſheſt Advices, Foreign and Domeſtick.

HAGUE, June 5.

MAURITIUS, late Governor of Surrinam, his gaining his Cauſe makes much Noiſe here. M. du Pleſſis, his Accuſer, being condemned to pay all Coſts, M. Mauritius obtained an Order for arreſting him, and hurried him to Priſon. As he immediately gave Bail, he expected to be ſet at Liberty; but M. Mauritius, pretending to bring a criminal Action againſt M. du Pleſſis, has got him detained in Cuſtody, ſo that this Affair is likely to become very ſerious. In a little Time we ſhall learn from the Attorney General what is done at Paramarbio in relation to thoſe who jointly with Du Pleſſis ſigned the Complaint againſt M. Mauritius.

Some Advices from Poland, occaſion very ſerious Thoughts, what may be the Object of the Motions among the Turks and Tartars of Crimea. Ruſſia is on her Guard. The two Parties watch each other. But as the Porte has certainly ſome Project in View, Troubles may ariſe in that Quarter. For the reſt, we perceive not the leaſt Appearance of Diſturbances in other Parts of Europe. Perhaps even the Turk, after the Example of the Chriſtian Princes, who form Camps to exerciſe their Troops, wants to exerciſe his, in his own Manner, by marching them from one Province to another, to keep them in Exerciſe, and preſerve that Agility which is peculiar to them, eſpecially the Spahees. Perhaps it is his Sublime Highneſs is deſirous of giving a Diverſion to the Caprices Humour of the Janiſſaries.

Hamburgh, June 6. According to our Information of the Diſpoſition of the Ruſſian Court with Regard to the Ottoman Porte, the Motions of the Turks give the Empreſs as much Uneaſineſs as the Progreſs of Prince Heraclius give them. It is, we are told, the Suſpicion of a ſecret Underſtanding between that Conqueror of Perſia and the Ruſſian Sovereign that induces the Grand Signior, in preparing to attack the former, to direct his Attention at the ſame Time to the Side of Little Tartary and the Crimea, in order to provoke Ruſſia, and even occaſion her a powerful Diverſion in caſe ſhe ſhould be inclined to act in favour of Prince Heraclius. This, we are aſſured, is the true Explanation of the Incurſions which the Tartars have already made in the Ukraine, and the Motive with the Ruſſian Troops marching thither, the Empreſs having no longer any Doubt that theſe Beginnings of Hoſtilities on the Part of the Tartars are made with the Knowledge of the Porte. As to the new Sophi of Perſia, according to our Advices by the Way of Moſcow, he is an able Warrior, he has taken the Start of his Enemies, to recover both his Dominions in Georgia, and thoſe which he has acquired by Right of Conqueſt; ſo that the Turks will find great Difficulty in attacking one or the other. In the mean Time it is probable Ruſſia will content herſelf with keeping on the Defenſive Part that Side where ſhe is threatened, being able to aſſemble there with Eaſe an Army of 150,000 Men, beſides the Calmucs, who are eager to be employed.

Naples, June 9. Upon Advices received, that a great Number of Barbarian Corſairs were putting to Sea, to interrupt our Navigation, Orders have been given to equip, with all poſſible Diligence, ſome Men of War and Frigates, in order to form a Squadron, effectually to diſperſe thoſe Pirates.

Naples, June 12. A Uſurer of this Place, called Murepa, having been committed to Priſon ſome Time ago, for his illegally lending Monies to ſeveral private Perſons at a very high Intereſt, has made the Offer of giving a conſiderable Sum to the Poor, in order to obtain his Liberty; but the King being informed thereof, far from indulging his Scheme of flying from Juſtice, by beſtowing Alms at other Peoples Expence, has ſtrictly charged his Judges to proceed againſt him, according to the Rigour of the Law; and he will ſoon be brought to his deſerv'd Puniſhment.

Aranjuez, June 18. By Letters from Cadiz, of the 5th Inſtant, we learn, that Advice had been receiv'd there from Carthagena de Indias, of Don Pedro de la Cerdas having taken a Dutch Ship with a Pruſſian Paſſport, trading on that Coaſt: She is ſaid to have had 200,000 Dollars on board.

Wilna, in Poland, June 11. The Court of Judicature in this City pronounced Sentence a few Days ago againſt an Apoſtate, named Raphael Sentimany, a Native of Croatia, who after being educated in the Chriſtian Religion, renounced it at the Age of twelve Years, embraced Judaiſm, and took the Name of Abraham Iſacowiczi. While he was in Priſon, ſeveral zealous Prieſts daily viſited him, ſhewing him the Heinouſneſs of the Crime of Apoſtacy, and exhorting him to repent and return to the Church; and for a Day or two they had ſome Hopes of reclaiming him: But they ſoon found themſelves miſtaken; he was ſo hardened, that neither the Torments he was to ſuffer, nor the Offer of a Pardon, could make any Impreſſion on him. The 9th Inſtant he was led to Execution: Being arrived under the Gallows, the Executioner pulled out his Tongue, and flung it into the Fire before his Face; and then, with his Hands tied behind him, he was thrown alive into a Heap of blazing Faggots. When his Body was conſumed, the Aſhes were ſcattered in the Wind. This poor Wretch ſuffered Death with great Reſolution; not ſo much as a Groan, or the leaſt Sign of Fear, having eſcaped from him.

Poſnania, June 20. We hear from the Frontiers of the Ukraine, that within theſe few Days a large Body of Haydamacks have made a terrible Irruption into the Poliſh Territory, and committed the moſt cruel Exceſſes, not contenting themſelves with plundering every Place they paſſed through, but alſo maſſacring even the Women and Children.

Moſcow, June 8. In Imitation of ſeveral other great Powers, the Empreſs has judg'd it proper to have a Camp in her Dominions this Summer, and the Regiments of which it is to conſiſt, are actually marching off towards Courland and Livonia. This Camp is to be about 30,000 ſtrong.

Leghorn, June 11. Within theſe few Days we have had ſeveral Hurricanes on the Coaſt, and above 100 Miles out at Sea, which have occaſion'd many Shipwrecks. Two Barbary Corſairs were loſt on Corſica.

Genoa, June 16. On the 12th the Chevalier Pinelli ſail'd from hence with 3 Galleys, 2 Galliots, a Fireſhip, and 4 Tranſport Veſſels (having on board 600 Troops, with Cannon, Mortars, and Ammunition) in order to reduce the Rebels of St. Remo. At Noon the next Day he arriv'd off St. Remo, and immediately ſent an Officer aſhore to ſummon the Inhabitants to ſurrender in the Space of 24 Hours, and in the mean time to releaſe the Marquis Doria; threatening, in caſe of Refuſal, to give them no Quarter. They anſwer'd, "That their Intention was to maintain the Step they had taken, and that no Menaces were capable of intimidating them." As ſoon as M. Pinelli receiv'd this Anſwer, he began to bombard the Town; and the Rebels, who were furniſh'd with ſome Cannon, fir'd on the Genoeſe Veſſels, but they were ſuch bad Engineers, that their Artillery did little or no Damage.

On the 14th at Break of Day, M. Pinelli debarked his Troops without the leaſt Oppoſition, and ſo vigorouſly attacked the Rebels Intrenchments, that they ſoon deſired a Parley, in order to come to Terms; but the Propoſal was rejected with Indignation, and they were obliged to ſubmit to the Diſcretion of M. Pinelli.

This Affair has coſt the Lives of two Soldiers, and we had beſides fourteen wounded, amongſt whom are four Officers.

M. Pinelli, who had ſome Intimation of the Chiefs of this Mutiny, ordered ſix to be hung up the next Day for Example; which, by ſtriking a Terror into the reſt, has kept to their Allegiance the Inhabitants of ſome neighbouring Diſtricts, who were ready to revolt, and only waited to ſee if the Rebels of St. Remo were able to defend themſelves.

Algiers, June 3. The Plague broke out a few Days ago in the Dey's Palace, and has ſince ſpread among the reſt of the Inhabitants, many of whom are daily carried off by this dreadful Diſtemper. Three Xebecks ſail'd upon a Cruize the 19th of laſt Month, and were follow'd 10 Days after by three more.

Genoa, June 16. Letters brought by the Packet-boat from Barcelona, adviſe, that four new Men of War were expected at that Port, in order to be fitted out for the Weſt-Indies, to ſupport the Guarda-Coſtas: They are alſo to carry Marines to reinforce the Crews of thoſe Guard-ſhips.

Berlin, June 26. A Courier paſſed through this City Yeſterday with important Diſpatches from the French Miniſter at Sweden to his Court: And by Letters left here, we have News of the Renewal of the Negociation between Ruſſia and Sweden, for ſettling the Limits of Finland; which engages the publick Attention, as it muſt influence the Syſtem of Affairs in the North.

Hague, June 28. Our Herring Fiſhery Fleet is this Year very numerous, the ſingle Province of Holland having fitted out 247 Buſſes, beſides Jagers.

Hague, July 4. Our Letters from Spain adviſe, that the Arrival in the Weſt-Indies of the Ship the King of Pruſſia, from Embden, to trade with the Spaniards, being contrary to Treaties, and the Laws of the Country, the Guarda Coaſta's were intitled to ſeize her. The Cargo, valued at upwards of 100,000 Piaſters, was ſequeſter'd, till Orders be receiv'd from Spain: But the Crew were diſcharged, and carried to one of the Engliſh Settlements, from whence ſome of them are arriv'd at Amſterdam.

SCOTLAND.

Fort William, June 5. Several of the King's Ships have been cruiſing ſince March laſt, off Lochaber, and among the Weſtern Iſles, the Government having had Information that Arms, Ammunition, &c. were landed in thoſe Parts from France, and ſome of the Rebel Chiefs return'd to the Highlands and Iſles, to ſpirit up their Friends, and enliſt Men for the Service of the Pretender. One of their Captains was ſhot at Invellochy, having refuſed to ſurrender, and wounding one of the King's Officers; three others ſurrender'd. The 28th of May Capt. Ferguſon, of his Majeſty's Ship the Porcupine, took four in the Iſle of Sky, and has them Priſoners on board. There are ſeveral Companies of the Army in different Parts, in Queſt of others, moſt of whom are ſkulking in the Iſlands, in order to get off, leſt they ſhould meet with their deſerv'd Fate at Tyburn.

Edinburgh, June 11. On Friday laſt died, at his Country Seat of Woodhall, Daniel Campbell, of Shawfield, Eſq; in the 82d year of his Age: He was a Member of the Scots Parliament, and one of the Treaters at the Union, and for many Years ſerv'd his Country as a Member of the Britiſh Parliament; and on all Occaſions gave the ſtrongeſt Proof of an inviolable Attachment to the Cauſe of Liberty, and the Proteſtant Succeſſion. He is ſucceeded in an opulent Eſtate by Daniel Campbell, Eſq; his Grandchild, now at his Studies in Geneva.

June 19. Saturday laſt Mr. Cameron, of Faſſefern, and Mr. Stuart, Writer, Priſoners in the Caſtle here, intimated to his Majeſty's Advocate, that they were to inſiſt upon ſtanding their Trial within ſixty Days, according to Act of Parliament.

Yeſterday the Commiſſioners appointed by Parliament for putting in Execution the Act for beautifying and repairing the City of Edinburgh, had their firſt Meeting; and having appointed a Committee to prepare Matters againſt their next Meeting, and choſen a Clerk, they adjourn'd to that Day Fortnight.

June 21. We hear from Montroſe and Inverneſs, that the Buſſes belonging to thoſe two Places are ſail'd for the White Herring Fiſhery in Braſſa Sound.

July 5. June 20. The laſt Letters from Leghorn tell us, that the Port of Naples is at preſent the moſt flouriſhing in Italy.

Extract of a Letter from Tunbridge.

"A few Days ſince a young Gentleman, Curate of a Pariſh, not many Miles from hence, being accompanied by a young Lady, poſſeſſed of 3000 l. Fortune, another Woman, and a Boy, went to take the Diverſion of Angling in a neighbouring Fiſh-pond; when, being tir'd of that Employment, the young Lady being willing, the Gentleman and Lady were married at the Side of the Fiſh-pond by the Boy, the Woman ſtanding Father to give the Lady away. The Couple immediately retired to the Gentleman's Houſe, where they ſtaid all Night, and no Doubt conſummated; but in the Morning the Affair having reached the Lady's Friends, they came and carried the young Lady off from her Spouſe, who is making diligent Search, in order to recover his Property."

June 25. Some Letters from Flanders pretend that there are 2000 Men at preſent employed on the Works at Dunkirk, which conſiſt of a very fine Canal, which is to go round the Town; the Pretence is to carry off the ſtagnated Waters. This Canal, by the Help of two Sluices, will receive the Waters from St. Omer and Bergue, and St. Vino, and theſe, by the Help of ſome other Machines, will drive the Stream with ſuch Violence into the Port, as will infallibly clear it from Mud and Filth. Theſe Contrivances will alſo ſerve, in Caſe of a Siege, to cauſe an Inundation on the Land Side, and conſequently render the Place much ſtronger than it ever has been.

The following is an exact Copy, of what was found below the French King's Napkin.

"OUR Father, and uncontroulable Monarch, who art at Verſailles, Glorious is thy Name; and thy Kingdom will be eſtabliſhed, whilſt thou ruleſt in Righteouſneſs with Juſtice and Clemency; and thy Will, by all thy peaceable, loving, and dutiful Subjects (not only at Verſailles, but through the whole Kingdom of France) will be obeyed; and we pray, that our Tranquility might be reſtored; And forgive us all our preſent Faults; but do thou avenge thine, and our Cauſe, on the Archbiſhop of Paris, and all his curſed Fraternity: And, O King, from the Scarlet Whore, and the Devil d'Argenſon, deliver us: For thine is the Kingdom, and the Power, and the Glory. And we'll pray that thy Reign may be long and proſperous while here on Earth, and at Death thou mayſt exchange this fading Crown for an everlaſting Crown of Glory. Amen"

Extract of a private Letter from M----, Dec. 1, 1752.

"The Rudeneſs of my Style, I know you will have the Goodneſs to pardon, in Conſideration of my Deſire of letting you know what is doing in this Part of the World. What was long ago foreſeen by Governor M*** is at length come to paſs. Du Pleix, who was another Mogul in the Dominions of the true One, is now in a fair Way to be humbled. His Vanity and Self-Intereſtedneſs, which has often imbarraſſed the Company, is now like to bring Trouble enough upon himſelf, and, it may be, force his Maſters to remove him. The Commerce of the Indies cannot afford Armies, or require Squadrons of War to maintain: Trade that ſtands in Need of this, will be, in the End, found not worth keeping; and thoſe intriguing Heads, who are for erecting Factories into Principalities, would be better employed if they would confine their Views to mercantile Affairs, which are beſt promoted by living in Peace and good Neighbourhood.

"Our French Mogul, D. P. always deſpiſed the Engliſh for adhering to this Maxim, and being, as he phraſed it, mere Traders; but he has learned, at a pretty dear Rate, that they are not ſo, for want of martial Ability. Major Lawrence, marching lately, with the Troops of the Mogul's Governor, near Pondicherry, this Hero would needs [unwarned by former Misfortunes] ſend the beſt Part of the Forces he had left to reconnoitre them. Major Lawrence, ſuſpecting his Intention to attack, prepared to give his Troops a proper Reception; but, to make whatever happened his Act entirely, began a Retreat, in which, contrary to all Rules, his Cavalry were underſtood to lead the Van. The ſeeming Nakedneſs of the Infantry, and that Precipitation with which they were thought to march, invited the Army of Obſervation to charge. Alaſs! theſe broken Troops were immediately ſupported, and when the Action grew warm, it was perceived that the Cavalry were Maſters of the French Camp, and ready to intercept their Retreat. This threw all into Confuſion; a total Rout ſoon followed, and three hundred Men, including thirty Officers, were killed or taken Priſoners, a conſiderable Number of Cannon loſt, and only one hundred Men, of all the Europeans who marched out, were lucky enough to find their Way back again into Pondicherry.

"In Point of Politicks, D. P. has not been more fortunate. Ali verdi Kuun, who has ſo long governed Bengal and the dependant Provinces with Honour, has reſigned, as we hear, to his Grandſon, who was inſtalled not long ago, according to Cuſtom, at Hugly, with all poſſible Pomp and Ceremony. The Engliſh Governor from Calcutta was there, to make his Compliment and Preſent; when he was received, with unuſual Marks of Reſpect, own'd, by the old Governor, [who by the Way is ſtill the Man] for his faithful and conſtant Friend, and recommended as ſuch to the young One, who, when he came to pay his Devoirs, took a very rich Sprig of Diamonds out of his own Turban, and put into the Governor's, in the Sight of a numberleſs Multitude preſent, as you know are at theſe kinds of Solemnities. Such are the Honours paid to Honeſty and plain Dealing."

July 7. *By the laſt Letters from Franckfort, we learn, that M. Voltaire has ſent the following Declaration to the King of Pruſſia.*

"*I am a dying Man. I proteſt before God and the World, that though no longer in the Service of his Majeſty the King of Pruſſia, I am not the leſs attached to that Monarch, nor leſs ſubmiſſive to his Will for the ſhort Time I have to live. He has cauſed me to be arreſted at Franckfort for the Book of Poems, which he had made me a Preſent of. I willingly remain here a Priſoner till that Book be returned to me from Hamburgh, where I left it. I have returned to his Pruſſian Majeſty's Reſident at Franckfort, all the Letters I received from him, and which I had kept as precious Tokens of the Kindneſs with which he honoured me. He alſo wants to recover a Contract which he vouchſafed to make with me: I am indeed ready to reſtore it, as well as all the reſt, the Moment it can be found. This Paper, which properly ſpeaking, was not a Contract, but merely an Effect of the King's Kindneſs, being of no Conſequence, contained nothing elſe but Thanks on my Part, as well for the Penſion which his Majeſty the King of Pruſſia ſettled on me, with Permiſſion of the King my Maſter, as for that which he granted to my Niece after my Deceaſe, and alſo for the Chamberlain's Croſs and Key. The King did vouchſafe to write at the Bottom of that Paper, as near as I can recollect, I very cordially ſign this Contract, which I had a Deſire to make fifteen Years ago.*

"*That Paper, which is of no Manner of Uſe to his Majeſty, nor to me, nor to the Publick, ſhall certainly be returned, as ſoon as it is found among my other Papers, I neither can nor will make any Uſe of it. To remove all Suſpicions, I declare myſelf guilty of High Treaſon againſt the King of France, my Maſter, and againſt the King of Pruſſia, if I do not reſtore that Paper the Moment it comes to Hand. My Niece, who attends me in my Sickneſs, binds herſelf by the ſame Oath, to return it if ſhe can find it again: And until I can have my Papers in Paris tranſmitted to me, I entirely annul and make void the ſaid Writing, or Contract, declaring that I claim nothing from his Majeſty the King of Pruſſia; and I expect nothing in the diſmal Condition I am in, but the Compaſſion which his great Soul owes to a dying Man, who ſacrificed every Thing, and has loſt every Thing in order to*

to cleave to him; who has zealously served him, has been useful to him, never failed in Point of Duty to his Person, and always trusted to the Goodness and Rectitude of his Heart. I am obliged to dictate this, not being able to write, and I subscribe it with the most profound Respect, the purest Innocence, and the most pungent Grief, &c."

On Sunday died, aged 55, the Right Honourable Thomas Fermor, Earl of Pomfret, Baron of Lempster, Knight of the Bath, and Baronet, Ranger and Keeper of St. James and Hyde Parks.

His Lordship succeeded his Father in Honour and Estate in 1711, and in 1721, was created Earl of Pomfret. On the 27th of May, 1725, he was elected a Knight of the Bath; and on the 27th of September, was appointed Master of the Horse to her late Majesty Queen Caroline. And in January, 1750, was made Ranger and Keeper of St. James and Hyde Parks. His Lordship married July 14, 1720, Henrietta Louisa, only Daughter and Heiress to John Lord Jefferies, and by her (who was one of the Ladies of the Bedchamber to her late Majesty, and serv'd her in same Post when Princess of Wales) he had four Sons and six Daughters, viz. 1. George, Lord Lempster, now Earl of Pomfret. 2. William, Captain of a Man of War, who died in 1749. 3. John; and 4. Thomas, both deceased. And the Ladies, 1. Sophia, who was married in 1744 to John Earl of Granville, and died in October, 1745. 2. Charlotte, married in August 1746 to the Right Hon. William Finch. 3. Henrietta, married in January 1746 to John Conyers, Esq; 4. Juliana, married in August 1751 to Thomas Penn, Esq; one of the the Proprietaries of Pennsylvania. 5. Louisa. 6. Anne.

July 10. Last Week two Servants of Lord Cardigan's quarrelling at Richmond, one struck the other with a Plate; on which a Battle ensued with Plates, when one beat the other so much, that it killed him.

Extract of a Letter from a Person at Manchester, June 28.

"I was last Sunday, as were several Thousands besides me, at the Work-house in this Town, to see the most melancholy Spectacle imaginable------ the Son of Mr. John Liddal, Distiller, aged seven Years, who was confined to a Garret upwards of Eleven Months by his unnatural Parents; with a barbarous Design of starving him to Death by little and little. The cruel Usage to this Child, was providentially discovered by a Woman, who had been its Nurse for several Years, and had brought it home about twelve Months since, because the Parents refused to pay her what was reasonable for the Nursing of it. The Nurse happening one Day, to call at Mr. Liddal's, was met by a Child near four Years old, who accidentally (I should rather say providentially) came out with the following remarkable Expression; *Ah, Mrs. Hannah! Mrs. Hannah! Do you want to see Dicky?* (for so is the Child call'd) *Dicky is up Stairs.* This alarmed the Nurse, who immediately went up Stairs, but was met by the Mother, who repulsed her, and endeavoured by all Means to hinder her going up, and tore her Clothes; however the Nurse proving the stronger, proceeded to a Garret, where she found the Child in a miserable Condition, pale and ghastly like a Spectre, and naked, save a coarse Wrapper about him, the Room darken'd, and nothing to subsist on but Water, with a little Oatmeal, and in one Corner of the Room some Straw to lie on, and so greatly emaciated, that he could scarcely crawl.

When the poor Child first beheld his Nurse, he seem'd overjoy'd, and most movingly intreated her to take him with her; but she told him she could not then, but would quickly come for him, and take him away. She immediately applied to the proper Officers, who got a Warrant for the Father, and he was by Justice Birch last Saturday committed to the House of Correction, and the Child sent to the Workhouse to be taken Care of. The Mother is absconded."

Deal, July 10. Arriv'd the Friend's Goodwill, Peterson, from Virginia.

July 12. Arriv'd the Phœnix, Honour, from Virginia.

By Captain Muir, from Holland, we have the following Advices, viz.

PARIS, July 9.

THE two Gentlemen sent home by Mr. Dupleix to give an Account of the State of Affairs on the Coast of Coromandel, have complained, that the Behaviour of the English was not agreeable to the Treaty of Aix-la-Chapelle; and this being represented to the Earl of Albemarle, his Excellency, by Order of the British Ministry, has retorted the Complaint.

July 13. A Courier from Manheim is arriv'd at Versailles with Dispatches relative to the new Conditions proposed for a definitive Accommodation between the Imperial Court and the Elector Palatine. This Affair has been the Subject of a grand Conference, the Result of which is to be sent not only to Manheim, but also to Bonn, as the Elector of Cologn is included in the Negotiation which this Affair has occasion'd.

July 16. It is assur'd, that in a great Council of State, which was held a few Days ago at Compeigne, in the Presence of the King, his Majesty came to a Resolution to annul all the Proceedings which have hitherto been made by the several Parliaments of the Kingdom upon account of the Refusal of the Sacraments, and for the future to refer all Affairs of this Nature to his Council.

It is affirm'd, that the King has signified to the Grand Chamber, that if they do not quietly betake themselves to the Administration of Justice, he will banish them for 15 Years.

Paris A-la-main, July 16. The Camp at Compeigne is to be assembled next Friday. We began to apprehend the same Consequences from the great Drought which has been felt in the Southern Provinces, and the Price of Provisions was already raised: But the Weather happily changed on Saturday Night, at which Time it began to rain, and continued all Sunday.

The King has granted a Bounty of 2400 Livres to the Sieur de Lonce, for his new Invention of a Machine for driving Piles, which was made use of last Year at the Bridge of Orleans.

Newcastle, July 21. The Rev. Mr. Whitefield has preached several Times at the Orphan-house here this Week to crouded Audiences.

London, July 24. Mr. Porter, the British Minister, has lately had several Conferences with the Grand Visir, concerning the Designs of the Ottoman Court; in which that Minister gave him the most positive Assurances, that the Grand Signior had no Intention to disturb the Powers of Christendom; adding, that if his sublime Highness thought himself wrong'd by any of those Powers, he would, agreeable to the Custom establish'd among Potentates, first set forth his Complaints, and then demand Satisfaction.

It is said his Prussian Majesty insists on having the Affair of East-Friesland settled, before he enters into any Negotiation concerning the Silesia Loan.

According to some Letters from Leghorn, a Report has for some Time prevailed in Italy, that the Genoese were disposed to part with their Property in Corfica, either by Exchange, or by a plain Bargain and Sale. Some say that Lord Tyrawley will speedily repair to Minorca, after which it will very soon be known what Turn this Affair will take.

Yesterday eight Ships from Greenland, having on board 35 *Whales and a Half, arrived in the River.*

Private Letters from Paris intimate, that the Court has hit upon a Temperament which can hardly fail of adjusting the Difference about the Neutral Islands and the Boundaries of Nova Scotia; but what the Substance of it may be, they have not been pleased to tell us. As to the Affairs of their Parliament, these Letters observe that the Publick is under the deepest Concern about the Upshot, and apprehend some Act of Severity from the King against the Grand Chamber at Pontoise; because the Bull Unigenitus cannot be dropt, or Silence imposed on all Parties, without impeaching the Infalliblity of the Court of Rome.

They seem to be positive in the last Advices from Vienna, that the Election of a King of the Romans may be brought to bear before the End of this Year, as all Differences are as good as adjusted with every Elector, except the House of Brandenburgh, whom the Imperial Court is now endeavouring to reconcile with the British Court, and hopes to bring about an Accommodation to the entire Satisfaction of both Parties.

July 26. The Porto-Bello, Capt. Moody, said to have had no Success on the Coast of Greenland, is arrived in the River with four fine Whales.

Tuesday three Propositions were laid before his Majesty for Schemes to find out that most useful Thing the Longitude, so absolutely necessary for Trade and Navigation, the Discovery of which will be amply rewarded by Parliament: These Schemes will be laid before the Privy-Council, and afterwards before the Lords of the Admiralty, and the chief Commanders of the Royal Navy, and several excellent Mathematicians.

A considerable Quantity of military Stores are ordered for the East-Indies, for the better Security of the Company's Settlements.

Yesterday the Prince William, Capt. M'Meakin, arrived in the River, having on board 178934 Yards of Linen, from Newry in Ireland.

ANNAPOLIS, Sept. 6.

Last Week the following very odd and remarkable Affair happened at Mr. Suddler's, in Queen Anne's County; one Elizabeth Gainsberry, who was hired in the Family, went in the Night Time to a Tobacco-house, and was there alone delivered of a Child, which she carried to some Distance and flung over the Fence among some Bushes, and returned home, leaving it there; and next Morning went about her Work as usual; but was observed several Times to go out with a Hoe (for the Whore it seems intended to bury her Child with a Hoe) but was called back by her Mistress, who chid her for leaving her Work; the next Evening, when it happened to rain, a Negroe Man, with a Boy, passing near the Place, heard a Child crying, and on acquainting the Family, they went and found the Child alive, which they brought home, and charged Betty with being the Mother, but she at first denied it; however, she soon own'd the whole Affair, and said, she thought the Child was Dead when she flung it over the Fence; but it is now alive and well, and receiv'd no other Hurt than being scratch'd by the Bushes.

The Lottery will begin drawing on Friday next Week; and we hear no Tickets will be sold after Wednesday.

BOSTON, September 17.

Last Friday his Excellency the Governor was pleased to prorogue the General Assembly of this Province, having first signed his Consent to the following Bill, viz.

An Act to appoint Commissioners to examine into the Boundary Line or Lines, between this Government and New-York, and to treat with the Commissioners appointed by the Colony of New-York, respecting the same.

We hear from Halifax, that an Express Sloop arrived there a few Days ago in about 6 Weeks from England.

We are likewise informed, that his Excellency Governor Hopson has obtained his Majesty's Leave to return Home, and was to sail in a short Time in the Torrington Man of War, and that Col. Lawrence will have the chief Command in that Province during his Absence.

We have also Advice, by the same Way, of the Death of Mr. Samuel Storke, a noted American Merchant, in London.

Last Saturday was Se'nnight, as three Men were going up Saco River, above the Falls, towards Narraganset Township, No. 1. in a Canoe, two of them fell out, and in Scuffling both fell over-board, and one of them, named James Sands, was drowned.

NEW-YORK, September 24.

Monday Evening last Captain Philipson arrived here, in 6 Weeks, from Madeira. He informs us, That the Baltimore Sloop of War, Capt. M'Daniel, stationed at Cape-Fare, and the Jamaica Sloop, Capt. Riggs, bound to South Carolina and Providence, arrived at that Island four Days before he left it, from England, and reported, that the Arundel Man of War, Capt. Lloyd, lay ready at Spithead to take on board his Excellency Governor Osborne, for this Place.

Capt. Lewis, in 13 Days from the Island of St. Thomas, says, that seven Days before he left it they received a small Shock of an Earthquake, about Nine a Clock in the Day, which was immediately followed by another of much greater Force; but neither of them did any Damage as he could learn.

Saturday last arrived here from Monreal, in Canada, by Way of Albany, in a distressed Condition, Alexander Magenty, an Indian Trader, from whom we have the following Intelligence, viz. That himself and six more Traders, named James Lowry, Jacob Evans, Jabez Evans, Thomas Hide, David Hendricks, and William Powell, were all taken Prisoners the 26th of January last, at Allegany, by a Party of 68 *Cagnawaga, or French Indians, who, after robbing them of all their Goods, stripp'd them naked, and beat and abused them very much: That three Days after, James Lowry made his Escape, but the rest were all carried first to a French Fort on the Twightwee River, where they were confined* 27 *Days, and from thence to the Monreal, where they arrived the 26th of April. There the French General bought Jacob Evans, and Thomas Hide, of the Indians, and sent them down to Quebeck: David Hendricks, and Jabez Evans, were carried to the Cagnawaga Town, and William Powell to another Indian Town, twenty Miles farther off, whilst our Informant remained at Monreal, from whence he sent Intelligence to some Gentlemen at Albany, who were so kind as to interceed for him, with a Belt of Wampum, and the Promise of paying his Ransom, which they set at Twenty Pounds; accordingly he was released, and the Money sent by the Kindness of those Gentlemen, immediately on his Arrival there. He further says, that the same Application had been made for the rest, but that the Indians had declared, they would not release them, unless the English would send Messengers there, with sufficient Ransoms for them.*
